

## **JAVA and Adobe Reader Requirements for Paragon 5**

In addition to the Paragon 5 requirements on the following page, you will need the latest version of Sun Java and the Adobe Acrobat Reader. The following step-by-step instructions will assist you in determining if you need to update, and if you do, how to upgrade.

### **Checking for Adobe Acrobat Reader and Sun JAVA Versions**

1. Open the Control Panel in Windows (Start -> Control Panel).
2. (*XP Users*) - Click on Add/Remove Programs and wait for the list to populate.  
(*VISTA/WIN7 Users*) - Click on Programs/Features and wait for the list to populate.
3. Scroll through list (ordered alphabetically) and locate **Adobe Reader** and **Java**. Note the versions of both.
4. If your version of **Adobe Reader** is **less than X** (which is 10), install update as outlined below.  
If your version of **JAVA** is **less than 6 Update 20**, install update as outlined below.

*(If you do not have administrative rights to the computer, you may not be able to perform updates.)*

### **Updating Adobe Reader**

1. In the list from step 3 above, left click on Adobe Reader and Remove or Uninstall (whatever option it gives you) your old version of Adobe Reader.
2. Once removed, reboot your computer.
3. When back up, open your internet browser and go to [www.adobe.com](http://www.adobe.com).
4. Locate Downloads and Adobe Reader. Before clicking on Download Now you may want to uncheck the option for the Google Toolbar. Click Download Now button.
5. Agree to terms and start the free download.
6. When complete, reboot your PC (if you have to do a JAVA update also, you can wait to reboot).

### **Updating Sun JAVA**

1. Within your internet browser, go to [www.java.com](http://www.java.com).
2. Click on button that says something like *Free Java Download* or *Get Java Now*.
3. Agree to terms and start the free download.
4. When complete, reboot your PC.

***Please call MLS Support 608.240.2800 (press 1) if you get stuck on any of these steps.***

## Paragon 5 System Requirements

The following “Minimum” operating system configurations are the lowest configurations that are required to run the Paragon MLS system. The “Recommended” PC configurations are suggested by LPS Real Estate Group for optimum performance of the System and Software.

LPS Real Estate Group shall not be responsible for System performance when User equipment does not meet at least the “Recommended” configurations as specified below.

	Minimum	Recommended
<b>Operating System</b>		
	PC: Windows XP SP2, Vista, Windows 7 MAC: Mac OS X Other OS's that run supported Browsers are not officially supported.	PC: Windows XP SP2, Vista, Windows 7 MAC: Mac OS X Other OS's that run supported Browsers are not officially supported.
<b>Web Browsers</b>		
	IE 8(xp),9(vista/7), Firefox 5/6, Safari 4/5, Google Chrome 12/13, Opera 10/11	IE 8(xp),9(vista/7), Firefox 6, Safari 5, Google Chrome 13, Opera 11
<b>Processor</b>		
	800Mhz (or higher)	2.8GHz (or higher)
<b>Memory</b>		
	256 MB	1GB or higher
<b>Internal Drive</b>		
	1GB Hard Drive space	1 GB or higher Hard Drive space
<b>Video</b>		
	1024 x 768 resolution 16-bit (16.8 million) color support	1280 x 1024 resolution 32-bit (16.8 million) color support
<b>Monitor</b>		
	17" Color Monitor capable of a min 1024 x 768 resolution	19" or Higher at 1280 x 1024
<b>Flash Player</b>		
	Adobe Flash Player 9.0	Adobe Flash Player 10.3
<b>Internet Connection</b>		
	Dial Up: 56kb v.90 Modem	High Speed Internet Access (Cable, DSL, T1)
<b>Internet Connection – Offices</b>		
	100kpbs per user*	256kpbs per user*

\*When sharing an internet connection, it is important to maintain a large enough bandwidth to support multiple users. It is recommended at minimum that each user should be running at least 100 kpbs.
