

YOUR DisplayKEY IS RETIRING!

What You Need to Know About the Key Exchange

June 9-13 and June 17, 2008

To make the trade, you will need to bring:

Your Photo ID

Your DisplayKEY, cradle & power cord

If you cannot attend this event, you will need to contact the MLS office, the week after the exchange, to make alternate arrangements.

It is very important that you exchange your key, because the old DisplayKeys will be inactivated, and will no longer function, shortly after the exchange week.

If you are choosing the ActiveKEY

Please allow 30-45 minutes to exchange your key – this includes time to attend one of the optional instructional video sessions. Check the chart on the next page to see where your last name falls alphabetically. If you cannot come at the reserved time, please try to trade with another agent.

The ActiveKEY does not require a cradle to keep it updated, but it needs to be charged, just like your cell phone. Optional car chargers will be available on site at the special event rate of \$19.95 plus tax, payable by Visa, MasterCard or American Express credit card, or by a debit card with the Visa or MasterCard logo (no cash or checks, please).

To Add new eKEY service to your smartphone

Please come to one of the eKEY only appointments *instead* of the time on the name chart. To save your spot, log on to the Supra website at www.supraekey.com and click the *Meetings and Workshops* link in the middle of the page.

You will be asked whether you want eKEY Basic (additional \$5.95/month), or eKEY Professional Service (additional \$10.95/month). eKEY Professional allows you to search the MLS from your device, links Google maps to the listings, and delivers showing details to your device. eKEY Basic has just the lockbox functions.

You may set up your monthly eKEY fees with a Visa, MasterCard, Discover or American Express credit card, or a debit card with the Visa or MasterCard logo.

For additional details, please refer to the comparison chart included with this mailing.
